

Invitation

The American Institute of Architects Continuing Education System

AIA/CES Registered Provider Program Summary Handout

Provider: Comfort Designs, an American Bath Group company

Length: 1 Hour

Program #: ????

Provider #: J690

Credits: 1 LU Hour

Program: Compliant Shower Specification rules for 2010 ADA an overview with highlights

HSW: Yes

Course #: ????

Description: Program covers the diverse requirements for senior care bathing.

Learning Objectives: To understand the need for, key features of and the design criteria involved with the specification of bathing fixtures in the senior care environment. At the end of the program, the participants will understand user benefits based on size and design, the code issues impact on choice, material & fixture type and their impact on floor construction as well as available accessory options, affecting user function, long term maintenance, safety and liability concerns.

How Taught: The CES facilitator utilizes a key note presentation to and in depth overview complete with illustrations, drawings, job site and product photos.

A/V Needed: Electrical power, projector and USB connection for the keynote presentation.

Target Audience: Architects, specifiers, mechanical engineers, owners and other design professionals in the commercial and residential market. The ideal audience can be one on one or over 50. This program meets most experience levels with time allotted for questions and answers.

Facilitator Qualifications: All Praxis Commercial products CES facilitators (factory reps) have been trained on CES guidelines and presentation skills. In addition, they receive continuous in-depth training on accessible shower products, codes, installation and related accessories.

Costs: There is no cost to bring this program into your firm or chapter meeting.
